

SERVICE INVOICE

Cinematic Video Production & Luxury Showcase Package

Full-scale cinematic video production — 80+ AI renders, 26 master versions, custom orchestral scoring, 4K delivery, CDN upload, and complete website integration across 4 pages.

PREPARED FOR
Contour Marine

DATE
September 2, 2026

INVOICE #
CM-2026-005

DUE
Upon Receipt

This invoice covers a **full-scale cinematic video production session** spanning 3 working days for Contour Marine. Two broadcast-quality marketing videos were produced from scratch — a **4K vertical master** featuring real client footage of the Indian Creek Police Department dock project, and a **full HD horizontal service showcase reel** covering every service line. Work included 80+ AI video renders, 26 master edit iterations, custom royalty-free orchestral scoring, frame-by-frame QC audits, CDN upload, and complete integration across the Contour Marine website. **Production credit costs were paid upfront and are documented below.**

SCOPE OF WORK

Services Performed

TASK	DETAILS	AMOUNT
DELIVERABLE 1 — 4K VERTICAL MASTER (INDIAN CREEK POLICE DOCK)		
Real Footage Treatment & Clip Selection Reviewed and selected the best real client footage clips from the Indian Creek Police Department dock project — dock walk, police boat, seawall perspective, and piling detail. Each clip was processed through Seedance 2.5 video-to-video edit mode to enhance quality while preserving authentic real footage. No fabricated or AI-invented content — all clips are real project footage treated for cinematic quality.	4 real clips enhanced	\$175
Cinematic Intro & Outro Brand Animation Built a locked cinematic intro badge animation and a marine-life-filled ContourMarine.com outro. Both were rendered through multiple versions until brand-perfect — logo undistorted, all text readable, animation smooth from frame zero. 7 intro/outro versions rendered before final approval.	7 versions rendered	\$120
Custom Orchestral Score & Audio Mix Composed a custom royalty-free luxury marine orchestral score via ElevenLabs Music — soft grand piano lead, warm cinematic strings, subtle low orchestral swells. Score synchronized precisely to the video timeline. Perpetual commercial license — safe for website, social media, and paid advertising use forever with no recurring fees.	Perpetual commercial license	\$110
Assembly, Color Grading & 4K Master Export Full FFmpeg pipeline assembly with ARRI teal-amber LUT color grading, cross-dissolve transitions, audio crossfades, and deshake stabilization. Upscaled to true 4K (2160×3840) at 24fps using lanczos algorithm. Exported at CRF 15 — visually	2160×3840 · 24fps · CRF15	\$95

TASK	DETAILS	AMOUNT
lossless. Final runtime: 46 seconds. Audit rating: 10/10 — SHIP verdict.		
DELIVERABLE 2 — FULL HD HORIZONTAL SERVICE SHOWCASE REEL		
15 Cinematic Hero Clip Generation Generated 15 unique cinematic hero clips using Google Gemini Veo 3.1 Fast (image-to-video) from Contour Marine's own website imagery — covering every service line: seawalls, docks, decks, boat lifts, and pilings. 5 AI-fabricated clips were identified during QC and removed or replaced with real-photo regenerations. 80+ total renders executed across the full session to achieve 15 approved clips.	80+ renders · 15 approved	\$320
3D Brand Intro & Animated Outro 8-second Seedance intro: 3D beveled Contour Marine logo with marine-life-filled serif service reveal (SEAWALLS · DOCKS · DECKS · BOAT LIFTS · PILINGS). 8-second Seedance outro: 3D logo with ContourMarine.com letters filled with animated sealife. Multiple render versions executed until all text was correctly spelled, logo undistorted, and animation seamless.	Seedance 2.5 · 3D animated	\$130
Custom 72-Second Orchestral Score Composed a continuous 72-second royalty-free luxury marine orchestral score to run the full length of the showcase reel. Two music track versions produced — 30s bed and 72s continuous bed. Instrumentation matches the vertical master for brand audio consistency across both videos. Perpetual commercial license included.	72s continuous · perpetual license	\$110
26-Version Edit Cycle & Post-Production 26 master versions built (v1 through v26) over 3 working days. Each version involved FFmpeg pipeline rebuilds with cross-	26 master versions · 1920×1080	\$140

TASK	DETAILS	AMOUNT
dissolve chains (0.4–1.0s xfade), audio crossfades (acrossfade), black-frame elimination, duplicate scene removal, hard-cut smoothing, and transition smoothness audits across 16 transition points. Final runtime: 76 seconds. Audit rating: 10/10 — SHIP verdict.		
QUALITY CONTROL & FRAME AUDITS		
12+ Full AI Frame-by-Frame QC Audits 12+ full QC audit passes using Gemini Flash Pro frame and video analysis across both masters. Audits covered: transition smoothness (16 transition points per audit), duplicate scene detection, fake AI clip identification and removal (5 clips flagged), people/camera/equipment/shadow detection, music seamlessness verification, spelling verification on all badge text, and logo integrity verification (brand-locked, undistorted, all text readable).	Gemini Flash Pro · 12+ audits	\$100
CDN UPLOAD & WEBSITE INTEGRATION		
Bunny CDN Upload & Player Configuration Both final master videos uploaded to Bunny Stream CDN (Library ID 728358). Player settings configured: autoplay, loop, muted, preload, no poster thumbnail, playsinline for Safari/iOS compatibility. Verified both videos processing correctly and live on CDN before integration.	Bunny Stream · Library 728358	\$45
4-Page Website Integration & Deployment Built video sections across 4 pages: horizontal showreel on homepage, Indian Creek vertical on docks page (with government contract badge, credential copy, and stat callout), seawall build video on seawalls page, original dock video on about page. All iframes configured with	4 pages · GoDaddy deployed	\$155

TASK	DETAILS	AMOUNT
hardcoded inline dimensions to prevent GoDaddy container override. Added teal glow frames, radial background glow, pulsing unmute nudge, and government credential badge on docks page. Safari/iOS playsinline fix applied. All files committed to GitHub and deployed to GoDaddy.		

4K Vertical Master — Indian Creek Police	\$500
Horizontal Service Showcase Reel	\$700
QC Audits & Frame Analysis	\$100
CDN Upload & 4-Page Integration	\$200
TOTAL DUE	\$1,500

PRODUCTION COST DOCUMENTATION

Upfront Credit Costs — Paid by Producer

All AI video generation, music composition, and processing credits were **paid upfront out of pocket** by the producer before any deliverable was complete. The credit ledger below documents the actual platform costs incurred exclusively for this Contour Marine production session across 3 working days (August 28 – September 1, 2026).

~384,000 TOTAL CREDITS CONSUMED	80+ VIDEO GENERATIONS RUN	3 SUBSCRIPTION REFILLS USED
------------------------------------	------------------------------	--------------------------------

The screenshots below are direct exports from the platform credit ledger showing all charges tagged "Contour Marine video master assembly" — confirming these costs were incurred specifically for this project.

SAVE ON FUTURE WORK

Monthly Maintenance Plans

Lock in priority support and ongoing updates at a predictable monthly rate — covering video production, website updates, new sections, photo upscaling, and CDN management.

\$350 / month

Essentials Plan

- ✓ Up to 3 hours of updates per month
- ✓ Photo uploads & gallery updates
- ✓ Text & content edits
- ✓ Priority response within 24 hours
- ✓ Monthly GitHub backup

★ MOST POPULAR

\$550 / month

Growth Plan

- ✓ Up to 6 hours of updates per month
- ✓ New sections & page additions
- ✓ Video editing & CDN uploads
- ✓ Photo upscaling included
- ✓ Priority response within 12 hours

✓ Rollover unused hours (1 month)

PAYMENT

Payment due upon receipt via
