CONTOUR MARINE

SERVICE INVOICE

# Website Maintenance & Seawall Showcase

Professional website update including seawall construction photo processing, 4K upscaling, cinematic showcase build, before/after homepage section, and Google review integration.

| PREPARED FOR | DATE | INVOICE # | DUE |
|---|---|---|---|
| Contour Marine | July 30, 2026 | CM-2026-002 | Upon Receipt |

This invoice covers all work completed for the **Contour Marine website** on July 30, 2026 — including processing and publishing 6 seawall construction photos, building a new construction showcase section on the seawalls page, adding a before/after transformation section to the homepage, integrating verified Google reviews, and site-wide quality fixes.

SCOPE OF WORK

## Services Performed

| TASK | DETAILS | AMOUNT |
|---|---|---|
| PHOTO PROCESSING — SEAWALL CONSTRUCTION SERIES | | |
| **AI Upscaling to 4K & Photo Preparation**<br>Reviewed 6 client-submitted seawall construction photos, identified build | 6 photos | $85 |

| TASK | DETAILS | AMOUNT |
|---|---|---|
| sequence phases, upscaled each to professional 4K resolution, and cropped 4 portrait images to 4:3 landscape with custom offsets to preserve the most important visual content per image. | | |
| **SEAWALLS PAGE — CONSTRUCTION SHOWCASE SECTION** | | |
| **Showcase Section Design & Build**<br>Designed and built the full “Built to Last a Lifetime” construction showcase — dark navy background, 6-photo layout (full-width hero + 2×2 equal grid + dramatic finale), 3D frosted-glass stat bar embedded inside the finale photo, pulsing gold badge, and all supporting CSS (~250 lines, scoped to avoid conflicts sitewide). | seawalls.html | $110 |
| **Animated Phase Timeline & Scroll Reveal**<br>Built interactive 6-step phase timeline (Formwork → Rebar → Pour → Curing → Inspection → Complete) with scroll-triggered pop-bounce animations on each numbered dot as its photo enters the viewport. Connector lines light up sequentially. IntersectionObserver scroll reveal on all cards with staggered delay timing. | JS + CSS | $55 |
| **HOMEPAGE — BEFORE/AFTER TRANSFORMATION SECTION** | | |
| **Before/After Section Design, Build & Animations**<br>Built new “From Construction to Completed Waterfront” split section on the homepage — full-bleed dark navy, side-by-side Before/After panels with vignette overlays and caption boxes, animated center VS arrow (slide + pulse motion), panel hover zoom with teal border glow, frosted glass stat bar, and “View Full Build Process” CTA. | index.html + styles.css | $80 |

| TASK | DETAILS | AMOUNT |
|---|---|---|
| Mobile: Before stacks above After, arrow rotates 90° downward. | | |
| | GOOGLE REVIEWS, GALLERY & SITE QA | |
| **Verified Google Review Cards**<br>Designed 2 premium Google review cards (Jason Rolle, Damaris B.) featuring Google 4-color brand bar, colored avatar gradients, Local Guide badge, Google SVG logo, location footer, and "Google Verified" badge. Replaced generic placeholder reviews with the 2 real verified reviews only. | seawalls.html | $40 |
| **Gallery Integration, SEO Fix & Sitewide QA**<br>Added all 6 seawall photos to gallery.html with correct filter tags, descriptive alt text, and labels. Fixed apostrophe rendering as ' in Google SERP on index.html and about.html meta descriptions. Full sitewide browser console audit across all 9 pages on desktop and mobile — zero errors confirmed. | All pages | $25 |

| | |
|---|---|
| Photo Processing (1 task) | $85 |
| Seawall Showcase (2 tasks) | $165 |
| Homepage Section (1 task) | $80 |
| Reviews, Gallery & QA (2 tasks) | $65 |
| **TOTAL DUE** | **$395** |

SAVE WITH A MONTHLY PLAN

## Ongoing Maintenance Retainer

Avoid per-project billing. A monthly retainer covers regular updates — photo additions, new sections, text changes, mobile fixes, and more — for a flat monthly fee.

**$200** / month

**Basic Maintenance**

- ✓ Up to 2 photo updates/mo
- ✓ Minor text & content edits
- ✓ Bug & layout fixes
- ✓ Monthly site check

RECOMMENDED

**$350** / month

**Full Maintenance**

- ✓ Unlimited photo updates & upscaling
- ✓ New sections & page builds
- ✓ Mobile QA every update
- ✓ SEO monitoring & fixes
- ✓ Priority turnaround (24–48 hrs)
